Sustainability has many faces: Our Environmental Policy

Values for social responsibility: Our Code of Conduct

inForm.Intro

Dear readers,

"50001" - for one or the other this will only be a number. For us it was THE topic last year. Goals that are anchored in our Corporate Policy, more exactly in our Environmental policy, were intensified further. By support of our trainee project "energy detectives" energy improvement potentials have been revealed in the company. Together, we have now reached one of our aims: The Certification for our qualified Energy Management System according to DIN EN ISO 50001:2011.

We all see, time is passing by and the "new" year has already completed its first quarter. Events such as the PHARMAPACK fair in Paris and the ENGEL med.con tour in the USA have passed, many more highlights will follow.

With this in mind - we wish you and your family a beautiful spring time and pleasant holidays.

Best regards

Erich Braun

Pamela Braun

Certification of the Energy Management System according to DIN EN ISO 50001:2011

With an Energy Management System which is firmly

anchored in the company's policy, Braunform pursues ambitious goals of environmental policy and resource conservation for some time. The next logical step has been taken place in december 2013 in the form of the certification ISO 50001:2011 by TÜV Süd.

Highly complex, mechanical slider mold for lever

If consumers have highest expectations in a premium-category car, the precision requirements already start at the mold shop. Therefore Braunform developed a highly complex, mechanical slider mold for lever for a well-known automobile supplier.

PHARMAPACK Paris

On 12th and 13th February 2014, this year's PHARMAPACK Europe took place in Paris, France. For the first time it was organized at Paris Expo halls and it attracted more than 3,200 international visitors.

We would like to thank all our customers and interested persons for the interesting and fruitful discussions.

ENGEL Med.con Tour 2014

Watch the e-motion 440/220 T running the Braunform needle holder insulin pen mold from the K Show 2013 along with the Hekuma automation:

 18. March 2014

 York, PA, 17406, USA

 8. April 2014
USA

 Corona, CA, 92881, USA

Warm Easter greetings and a great springtime wishes your Braunform-Team.
