

PRESS RELEASE

Braunform GmbH: Cornelia Kij - well-deserved retirement after 24 years

After Cornelia Kij saw an advertisement in the regional newspaper "Badische Zeitung", she joined the company on October 1, 1999. Now, after 24 years at Braunform, she is taking her well-deserved retirement. In all these years, she has enriched the quality assurance and commitment, where she was responsible for conducting GMP training courses, supervising clean room monitoring, preparing customer certificates, and checking incoming goods, among other things.

She was part of a team of 17 dedicated colleagues with whom she always worked very well and in a spirit of trust. In addition to her professional activities, she also cultivated her personal interests such as reading, cycling, playing the piano, and going for walks, which provided her with a healthy balance to her working life.

Cornelia Kij particularly appreciated the harmonious and respectful relationship between superiors and employees as well as the unforgettable events that Braunform had organized over the years.

On February 26, 2024, she was warmly thanked by the owner Pamela Braun and General Manager Emmanuel Foyer for her many years of loyalty and her commitment to the company. The colleagues at Braunform GmbH would also like to thank Cornelia for their time together and wish her all the best for this new chapter in her life.

Braunform at a glance

Braunform GmbH, founded in 1977 by Erich Braun in Bahlingen a. K., today is one of the world's leading partners in the field of plastic mold making. The long-term oriented family business has made it its goal to produce injection molds for whose end products - according to today's standards - plastic as a raw material is without alternative or more resource-saving than the possible alternative. The unique selling point of the mold-shop is the pharmaceutical production in own clean rooms according to GMP C and D. Today, Braunform GmbH is managed by Mrs. Pamela Braun (Managing Partner), Mr. Emmanuel Foyer (General Manager) and Mr. Joachim Stiller (General Manager). With 380 employees, the company is considered to be an important employer in the region in the southwest of Germany.

Mission Statement

Molding Your Visions: We mold the needs of our customers. We provide solutions to effectively produce our customers' products using clean, state-of-the-art technology with core competencies in mold making, injection molding and full service.
